- (D) 5 Laptop Power Tips

Electrical Rating
Laptop Charger (90 watt AC adapter)
Input: 100V-240VAC, 50-60Hz, 2.5A
Output: 19.5 VDC, 4.62A, 90 W max

Charging Your Laptop

1. Attach the AC Power Cord to the Targus 90W Universal Laptop, and plug the AC Power Cord into a nearby wall socket.
2. Find your laptop brand on the table below.
 - Find your laptop brand in the "Laptop Manufacturer" column.
 - Identify the correct tip(s) listed in the "Compatible Power Tip(s)" column.
 - Carefully try fitting the suitable tip(s) into your laptop's power connector to identify the correct tip. If the suggested tip(s) does not fit, call our tip finder hotline.
 - Connect the compatible power tip to the round power cord attached to the Targus Charger for Laptop.

Suggested Compatibility

(Some manufacturers may vary from suggested compatibility)

Laptop Manufacturer	Compatible Power Tip(s)
ACER	3P
ASUS	3P
COMPAQ	3P, 3W
DELL	3P, 3W, 3H
FUJITSU	3P
GATEWAY	3P
HP	3P, 3W, 3H2
LENOVO	3X9
TOSHIBA	3P

*All tips listed are for laptops that require 18V to 20V. If your laptop requires ≤ 16 volts, it will not work with this charger. If you have any doubts, please check the compatibility at targus.com or call our Compatibility Hotline.

Tip Finder Hotline
 For the fastest method
 to find the tip you need,
 please call us toll-free.
1-866-721-4805

Compatibility Hotline:
 To verify compatibility with your laptop?
 Give us a call at 1-866-721-4805
 24 hours a day, 7 days a week.

*We do our best to ensure compatibility with most laptop models produced by major manufacturers, but it is impossible to ensure 100% coverage. If your laptop requires 16 volts, it will not work with this charger. For further information, please check compatibility at <http://targus.com/us/tip-configurator> or call our Compatibility Hotline.

3. Once you have connected the correct power tip for your Laptop to the Targus Charger, simply plug it into your Laptop. Charging will begin immediately.

WARNING: DO NOT FORCE THE POWER TIP INTO THE POWER CONNECTOR ON YOUR LAPTOP. THE CORRECT POWER TIP WILL FIT SMOOTHLY INTO THE SOCKET.

Product Registration

Targus recommends that you register your Targus accessory shortly after purchasing it. Go to:

http://targus.com/product_registration

You will need to provide your full name, email address, country of residence and product information.

Warranty

Targus warrants this product to be free from defects in materials and workmanship for 2 years. If your Targus accessory is found to be defective within that time, we will promptly repair or replace it. This warranty does not cover accidental damage, wear and tear, or consequential or incidental loss. Under no conditions is Targus liable for loss of, or damage to devices; nor loss of, or damage to, programs, records, or data; nor any consequential or incidental damages, even if Targus has been informed of their possibility. This warranty does not affect your statutory rights.

Regulatory Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Statement

Tested to Comply

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;
- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate this product.

Declaration of Conformity

Hereby, Targus, declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/30/EU.
